**MACGLASHAN ANNOUNCES NEW MEDIAN, MONUMENT
SIGN FOR DOWNTOWN ORANGEVALE**

After years of work with local residents and business owners in Orangevale to revitalize the business community, Supervisor MacGlashan is pleased to announce that a new median and monument sign identifying the entrance to the area is finally moving forward and under construction. The project results from countless hours of work by the Greenback Lane Orangevale Envisions (GLOVE) group, made up of community volunteers, and several well-attended public meetings to finalize a new streetscape design that includes the installation of monument signs along the corridor.

“I am delighted that Sacramento County has dedicated the time, effort, and resources necessary to be responsive to, and supportive of, the desires of the Orangevale community,” MacGlashan said, “The Sacramento County Department of Transportation, along with community leaders and volunteers, has worked tirelessly to bring together a project that will better identify this unique business district.”

The project, which is currently underway, is funded by tobacco litigation settlement funds that have been set aside for capital construction in the unincorporated area of the county. The location for the sign was selected by GLOVE and the Sacramento County Department of Transportation, with significant local input through numerous community meetings, to maintain access to local businesses while also meeting traffic engineering safety standards.

The new sign is scheduled to be unveiled in a public ceremony on May 21, 2016.
