### **Sutter Health to Add 500 New Jobs to Mather Field Campus**

Mather, CA – Sacramento County and Jackson Properties announced that Sutter Health has executed an 110,960 square foot lease at Mather Field, for the expansion of their information services division, located just 12 miles from downtown Sacramento, along Highway 50. Presently, Sutter has more than 2,195 employees located in five different buildings at Mather. The new Sutter expansion is slated to open in the second quarter of 2013.

“We’re very pleased that Sutter Health has decided to expand their Mather Field Campus,” said Don Nottoli, Chair of the Board of Supervisors. “The Mather area is a great place to do business and Sutter’s expansion will help bolster the local economy.”

Jackson Properties credits Sacramento County’s Office of Economic Development and Marketing with expediting the leasing process.

In the late 90s, Sutter Health was one of first private sector employers to locate at the Mather Campus when Jackson Properties developed two buildings totaling 190,000 square feet for their initial occupancy at Mather.
