### **COUNTY BUILDING/ DEVELOPMENT SERVICES COUNTERS CLOSING FRIDAYS**

*Closure due to decrease in revenue*

Sacramento, Calif., -- Still suffering from decreases in building/development revenues, Sacramento County is closing counter service on Fridays for all building/ development departments beginning Monday, November 16. This includes building services at the North Area and East Area Service Centers, though the Centers remain open for other services.

“It’s imperative that we run our business efficiently,” said Steven Pedretti, Director of County Engineering and manager of development related programs. “Though the counters will be closed, we will still be conducting limited field inspections on Fridays and miscellaneous building permits can always be purchased online at [www.bldginspection.org](http://www.bldginspection.org).”
